

World leading in vehicle  
drainage technology

## SEDA EasyDrain A-51027

Scrap car  
De-pollution

### Your benefits:

- ✓ Compact und clean
- ✓ Quickly operationally
- ✓ Pre-installed technique
- ✓ Powerful and durable
- ✓ Easy service
- ✓ Additional equipment
- ✓ Flexible und secure
- ✓ Explosion proofed  
ATEX certified  
TankDrillingMachine

The SEDA EasyDrain is an ideal solution to drain End of life vehicles (ELV) of all liquids. Individual pumps and specialist draining tools remove virtually all liquids in a safe and efficient manor.

Specially developed and focused on smaller dismantlers, the SEDA EasyDrain concept is very successful. The engineering and economic challenge was to find an optimal combination for a clean, efficient, but fast and cost-effective solution. This Drainage station fulfills all this requirements.

You can work with the EasyDrain on 30 vehicles a day. The patented SEDA technology removes up to 98% of all fluids without spilling a drop.

*„Universal and rapid use.  
The EasyDrain belongs to  
the very best what SEDA  
offers!“*

Werner Borgfeldt  
SEDA Quality Management

### There are two versions available:

- SEDA EasyDrain **Basic**  
(SEDA TankDrillingMachine „regular“ mobil with 1 swingarm)
- SEDA Easy Drain **Compact**  
(SEDA SEDA TankDrillingMachine „heavy duty“ with 2 swingarms)

Basic + Compact offer 2 optional pump combinations:

- **PD version:** one pump for petrol (gas) and diesel
- **CS version:** one pump for coolant and screen wash fluid

## SEDA EasyDrain A-51027

### Scrap car De-pollution

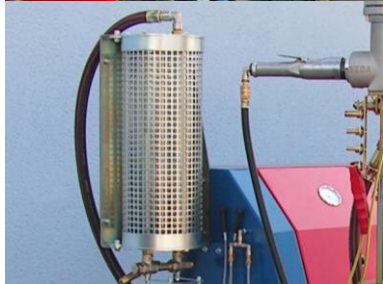

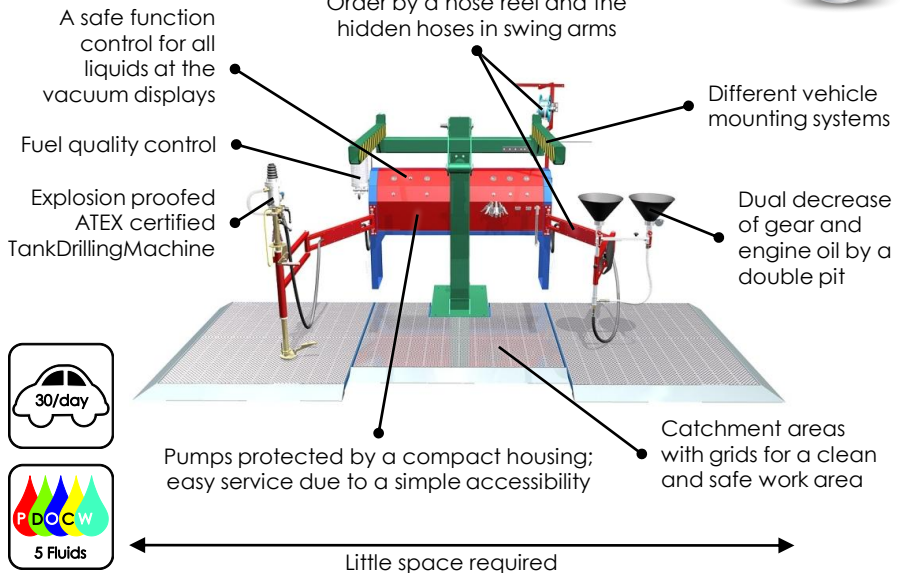

Both versions contain the SEDA TankDrillingMachine "regular" or "heavy duty", up to 4 vacuum pumps for engine, gear, hydraulic oil & windscreen washer fluid, a vacuum chamber, special tools to remove coolant fluid and accessories (universal pressure plugs, etc.).

SEDA EasyDrain works with different vehicle mounting systems like single ramp, single lifting ramp, double lifting ramp or a scissor ramp.

### Your benefits:

App. 12 minutes  
of dismantling time  
per car

#### TECHNICAL DETAILS

**Air requirement:** 8,5 bar  
1.000 l/m

**Co. Evacuation:** 3.260 l/car

**Drainage time:** app. 12 m/car

**Fluid drainage:** petrol/diesel: 10 l/m  
waste oil: 3 l/m  
coolant fluid: 3 l/m  
screen wash fluid: 5 l/m

**Space:** 7,0 x 3,8 x 4,0 m

**Catchm. area:** 4,8 x 1,8 x 0,06 m

#### ORDER INFORMATION

**A-51027** SEDA EasyDrain Basic

**A-51026** SEDA EasyDrain Compact

**Additional Tool:**  
**S-51312** SEDA SOG<sup>2</sup>

**Alternative Station:**  
**A-51050** SEDA DrainTower
